Re: EDA Award Number: 04-79-73007 ARRA Funded
South Carolina Advanced Technology Park
Barnwell, South Carolina

To Whom It May Concern:

The SouthernCarolina Alliance filed an application for funding at the South Carolina Advanced Technology Park for a rail extension improvements project. This project will consist of lengthening an existing rail line and storage tracks to accommodate the location of a "new" industry providing 52 jobs and investing \$72 million. The project will also allow for future Park service to other customers.

The total project investment is \$1,704,000 including the EDA grant funds of \$1,204,000.

As President and CEO of the SouthernCarolina Regional Development Alliance, I certify that the above referenced project has received the full review and vetting required by law. I accept responsibility that the infrastructure investment is an appropriate use of taxpayer dollars.

Sincerely,

A handwritten signature in black ink that reads "D. Black". The signature is written in a cursive style with a large initial "D" and "B".
